Quality Policy

We at International Institute of Health Sciences are committed:

To “Conducting Healthcare Educational Training Programmes” by using sound quality practices within the design, delivery and assessment process to ensure our valued customers get a quality product.

To develop our employees on the ISO 9001:2015 based Quality management system to ensure its effective implementation and continual improvement of such activities, to comply with all applicable statutory and regulatory requirements, customer requirement and our interested party's requirement. To align the direction of the company with its Vision, Mission & Values. The values being inclusivity, quality, accessibility & professionalism, we thrive to delight our customers.

Dr. Kithsiri Edirisinghe
CEO/Founder

This policy has been communicated to all employees & stakeholders by displaying at the office premises & reviewed at the Management Review Meeting to evaluate the continuing suitability.
